

Colorado Girls Softball Coaches Association

Mission Statement

The Mission of the Colorado Girls Softball Coaches Association is to develop and promote the growth of Fastpitch Softball at all skill levels in our State of Colorado and to elevate the level of play to the highest caliber while encouraging leadership and sportsmanship in the finest traditions of the game.

Benefits of Having an Active Coaches Association

- 1) Inform, guide and mentor new arrivals to the fastpitch Coaching community as they attempt to forge through the complexities of getting new teams organized, productive and competitive.
- 2) Develop and bolster the collective reputation of the Colorado Coaching community endearing us to the vast national Fastpitch learning organizations in hopes of bringing to the State additional clinics, seminars and forums for Coaches and Players.
- 3) Collect valuable information from all Registered Coaches in regards to the sport, procedures or policies and use the single voice of the Coaches Association to communicate any commendations and/or issues to the various Tourney Directors and/or Sanctioning Orgs.
- 4) Develop the revenue resource activities enabling the expansion of programs and services sponsored by the Coaches Association. Those activities will or could include; the Colorado Fastpitch website, State Coaches meetings, the offset of costs for Coaches or Players clinics and even a potential of a Coaches Association Scholarship program.

These seven members have volunteered their time to sit on the initial Board of Directors of the Colorado Girls Softball Coaches Association. They are very motivated to help the CGSCA become formalized, structured and off the ground. Every decision or action this BOD takes, will be voted on by all seven members. The board may solicit committees from the softball community and CGSCA membership to address any specific issues.
